### **Related Experience**

#### **Inclusive Education**

- Working with children with learning difficulties through a project in collaboration with Oslo University.  
I was the coordinator of the project for four years from 1996-2000. During these years we visited different schools in Nablus, Jenin and Tulkrem. Observing children with special needs in the classroom, doing research in order to see that inclusion is the best way to overcome their difficulties and see teachers' attitude towards inclusion.
- As a member of the Unified Curriculum for Palestinians. I examined the curriculum for Gaza and the West Bank in order to narrow the gap between them.
- Working with the schools through a program for teaching practice for students especially at the early stage, looking at difficulties facing children in reading, writing, language, evaluating the curriculum at the basic educational level and supervising the student teaching and practice.

#### **Teachers Qualification Program**

Set up of a program for upgrading the qualification of teachers who are in service and for pre service students. Worked and supervised with UNISCO to upgrade the qualification from Diploma to BA. From North part of Palestine Also worked with self Development support Palestinian Education program (SPEP) with the cooperation of Italian University Providing assistant to teachers at 6 schools in Nablus area by doing the workshop on how to manage the classroom and how to write the objectives and evaluation also providing them with ICT information by using different ways of teaching to explain the lesson in a correct ways

#### **Quality Assurance /programs and institution evaluation**

My expertise and consultation in evaluations included program, college, and institution evaluation at the local Palestinian and the Arab regional levels. The work included reporting to top institution management and following-up on implementation of evaluation recommendations and results. I have organized and facilitated training for local university staff on administering self-assessment, short-term and long-term planning, and project implementation. Much of the effort on evaluation was done in teams where I either coordinated the work or participated as a key team evaluator. Below is a detailed list of the task and assignments related to evaluation of education programs and institutions.

**Below is a summary of the training and consultation work related to quality assessment and quality assurance I did over a period of 10 years:**

1. Enhancing of quality assurance and institutional planning at Arab universities. Tuins ia 2003 UNDP
2. Higher education policy & globalized world policy and management at Central European University, Budapest – Hungary Feb 2011 Amideast
3. Teaching and learning : Policy tools and practice in faculty development Budapest Hungary June 2010
